a
Spatial nulls: joint pair fails at step 1
joint spatial pair (no class stratification)
class-stratified pair
false-alarm rate (one point per map family)

class step (0 = tissue classes equal in mean, 1 = classes differ)
b
Gene nulls, coherent modules (trajectory modules for G5)
coexpression-matched gene null (G2)
brain-background coexpression-matched null (G4)
trajectory + coexpression-matched null (G5)
false-alarm rate, independent smooth fields
